I have the honour to state that the period of one year for which the continuance of the temporary posts of one female nursing orderly and one female toti employed in the Lady Goschen Hospital, Mangalore, was sanctioned, in the above G.O., will expire on 31-3-1939. I furnish below statistics showing the daily average number of in and out-patients treated in this hospital during the last three years and during the first eight months of 1938:-

N.A. 22/9

p.t.o.

| Year | 1935 | 1936 | 1937 | 1938 |
|---|---|---|---|---|
| Daily average number of in-patients. | 77.05 | 87.84 | 97.25 | 96.84 |
| Daily average number of out-patients. | 206.52 | 313.54 | 260.85 | 222.36 |

262.14 ½ ÷ 3 = 87.38 (for 8 months)

780.91 ÷ 3 = 260.30.

The District Medical Officer, South Kanara reports that the permanent staff of five female nursing orderlies and two female totis is unable to cope with the increased work in the hospital and recommends that the additional posts of one female nursing orderly and one female toti be made permanent.

I have already explained to Government the necessity for the permanent retention of these temporary posts. In view of the above facts and as the present strength of nursing orderlies and totis including the above temporary staff, employed in this hospital is within the number admissible according to the approved scales, I recommend that the Government will kindly sanction the retention of the above temporary posts on a permanent basis with effect from 1-4-1939. The ultimate extra cost involved in this proposal is Rs.350/- per annum.*

Necessary provision will be included in part I of Surgeon-General's budget estimate for 1939-40 for the continuance of these posts under 'Temporary'

(10+2)x12 : 144
